REMARKS

Incorporating References Cited in Parent Applications Pursuant to 37 C.F.R. § 1.98(d)

Enclosed for filing in the above-referenced application is copy of the Forms PTO-1449, submitted under 37 C.F.R. § 1.97 and § 1.98, relating to the parent applications U.S. Application Serial No. (USSN) 08/979,742, filed November 26, 1997; 08/854,050, filed May 9, 1997, and related application USSN 08/724,643, filed October 1, 1996, all prior applications to which the above-referenced application claims priority. The references cited therein are incorporated by reference herein, pursuant to 37 C.F.R. § 1.98(d).

It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

The references listed in the form PTO Form-1449 are not being provided pursuant to 37 C.F.R. § 1.98(d).
